Create IBM Cloud Account :

The screenshot displays the IBM Cloud Dashboard interface. At the top, there is a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Poovizhi p's Account). The main content area is titled "Dashboard" and features a "For you" section with five recommended resources: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes), "Explore IBM Cloud Shell" (Try a command-driven approach for creating, developing, and deploying a web project), "Get Started with the CLI" (Install the IBM Cloud™ developer tools, which include the latest IBM Cloud CLI, verify the installation, and configure the environment), and "Explore tutorials" (Try out a variety of tutorials to get you started with IBM Cloud or help you with more complex scenarios). Below this section, there are four more tiles: "News" (View all), "Recent support cases" (View all), "Planned maintenance" (View all), and "IBM Cloud status" (View all). The right sidebar shows the user's profile (Poovizhi p) with links for Profile, Log in to CLI and API, Privacy, Change theme, and Log out.
